Homeless Concern

My office received a concern from [REDACTED] regarding homeless individuals in Mother Waldron Park. [REDACTED] notes that a number of individuals are residing in the park and have pit-bull dogs living with them. [REDACTED] reports that there is significant litter, the individuals scream and shout throughout the night, and damage the park property. Additionally, tents and other structures are being erected in the area between [REDACTED] home and the park, and pedestrians are constantly harassed by ?mentally ill? homeless who will obstruct the sidewalk. [REDACTED] requestst the City enforce existing sit/lie bans and move these individuals out of the park so that it can be enjoyed by all.

[REDACTED] notes that between 6 pm and 12am, he sees many people gathering under the bridge, and hears fights and arguments frequently. The gatherings leave heaps of trash, resulting in rodent problems for [REDACTED]. His complaints to state agencies have not resulted in improvements. I request the appropriate departments be assigned to investigate this concern and take action to improve the health and welfare of the community in this area. James Larson <u>AK15 - 636700.docx</u>

Adequate Signage

My office received a concern from [REDACTED] regarding homeless individuals camping in the Diamond Head/Makai corner park at the intersection of Sheridan Street and Makaloa Street. Previous investigations by DDC determined that this grassy area is under the jurisdiction of the City. Therefore, [REDACTED] requests that a sign, indicating that the area is ? Government Property, be installed. This signage will assist efforts to clear homeless individuals. I request the appropriate department be assigned to create and install adequate signage for the grassy area in the Diamond Head/Makai corner of the Sheridan Street and Makaloa Street intersection.

Illegal Dumping

My office received a concern from [REDACTED] regarding illegal dumping and homeless encampments fronting her property at [REDACTED] Street. [REDACTED] noticed an illegally dumped sofa and water heater at her property on October 21st of this year. [REDACTED] immediately contacted HPD regarding the matter. Since that date, the bulky items have not been picked up, and a homeless individual has begun residing atop the sofa. When HPD was contacted regarding this homeless person, HPD verified that the person was ?present? and then let them continue sleeping on the sofa. Today, November 2, [REDACTED] received a letter from the City, citing her for bulky items on her property. I request that the appropriate department be assigned to 1) remove the sofa immediately, 2) clear [REDACTED] property of this Notice of Violation, and 3) take efforts to prevent a homeless encampment from being established at 2101 Waiola Street.

The constituent notes that platform homes have been installed along the Ala Wai Canal, including chairs and bedding within the tree vines. The platform homes are six feet by eight feet, near the new dog park behind Iolani School. The constituent observed ?burner canisters,? frequently used to cook food, and is very concerned about the fire hazard they represent. Finally, the constituent notes that persons can be seen defecating and urinating directly into the Ala Wai Canal. The constituent requests the area be cleaned out. I request the appropriate department be assigned to investigate this matter. Homeless encampment under Koali bridge

[REDACTED] claims there is a homeless encampment under the Koali street bridge and the people are making noise late at night and very early in the morning. The homeless people have two tents set up and are leaving a lot of trash in the area [REDACTED]

[REDACTED] has also witnessed them drinking and doing drugs.

[REDACTED] wants the homeless encampment removed from the area under the bridge.

City and County of Honolulu

REQUEST FOR INVESTIGATION AND SERVICE REPORT AK15 - **601250**

INITIATED BY Councilmember Ann Kobayashi Cliff Kaneshiro (x 85055)	MD CONTROL #
REQUESTOR'S NAME Representative Scott Nishimoto	DATE 3/5/15
ADDRESS 415 South Beretania Street, Honolulu, Hi. 96813	PROCESSED
PHONE 586-8515 LOCATION: Old Stadium Park	REFERRED TO

My office received a concern from Representative Scott Nishimoto's office regarding homeless concerns near Makahiki Way and the Old Stadium Park. Representative Nishimoto's constituent is requesting to have the restrooms at the Old Stadium Park closed at 11:00 p.m. every night, as well as installing a gate or moveable chain at the Makahiki Way entrance of the Old Stadium Park to deter the homeless from camping in the area. The constituent further states that the tents on the sidewalks are blocking the path for pedestrians and forcing them to walk on the streets. The constituent further requests that a sweep be made of the area.

I am requesting the appropriate department be assigned to investigate and address this matter.

For more information, please contact the constituent or my office.

Please respond to the constituent and forward a copy of the administration's response to my office.

Ann H. Kobayashi

Signature

REFERRAL DEPARTMENT

ASSIGNED TO	DATE DUE
-------------	----------

The Old Stadium Park is closed for use from 10:00 p.m. thru 5:00 a.m. every night. During these closure hours, park use is not allowed including camping. We encourage our neighbors to report any illegal or abusive activities in our parks to the Honolulu Police Department.

The Old Stadium Park is open throughout its perimeter, a chain across the Makahiki Way entrance would not be a sufficient barrier for unauthorized activity in the park and may cause safety/liability issues. Park Closure enforcements are taking place throughout our department at unannounced schedules.

By copy of this RISR, we will notify the Department of Facilities Maintenance regarding the issue of sidewalk blockage from illegal campers.

Michele K. Nekota, Director
Department of Parks and Recreation

Request #	Constituent	Service Requested	Location	RISR
2017-289	Rep. Scott Saiki	Several residents have contacted Representative Saiki's office about a growing homeless population around the Queen Victoria building at 1080 S Beretania St. Residents note that the encampment is making loud noises throughout the night, harassing and intimidating residents and leaving garbage strewn across the property. The homeless are intentionally evading HPD officers when they arrive on scene and return once HPD has left the premises. I request the appropriate departments be assigned to investigate this concern.	1080 S Beretania St (Queen Victoria)	RISR #2017-444
2017-261	[REDACTED]	Our office has been contacted by several residents regarding the waste and filth surrounding 1421 Pensacola Street. The residents note that there are many mattresses and other debris surrounding the property, and homeless individuals have been seen squatting on the property at night. There are additional concerns about large swarms of mosquitos and the fire hazard that the waste pile represents. I request the appropriate department be assigned to investigate this concern immediately.	1421 Pensacola Street	RISR #2017-405
2017-180	[REDACTED]	A resident contacted our office to share their concern regarding an increasing homeless population in Mo'ili'ili, specifically at both parks at King and Isenberg and at Mo'ili'ili Library. The resident is a property manager in the area and notes that despite surveillance cameras and signs posted indicating as such, there has been a recent increase in property crime. Several residents have reported break-ins and vehicle theft, and the speed and frequency of these crimes is increasing. The resident is requesting immediate action from the City to address this increasing threat to public safety. I request the appropriate departments be assigned to investigate this matter and make this issue a high priority for resource allocation.	Mo'ili'ili	RISR #2017-260
2017-171	[REDACTED]	[REDACTED] contacted our office to report a concern about the growing homeless encampment in Mo'ili'ili Neighborhood Park and Old Stadium Park. [REDACTED] notes that there is a substantial build up of debris and junk in the space between Longs and the baseball field at Mo'ili'ili Neighborhood Park, and the area is no longer safe for residents to be around after dark. Additionally, [REDACTED] observed the growing encampment at Old Stadium Park appears to be present after park closure hours, and has made public access to the restrooms impossible. [REDACTED] indicated that he would be willing to provide assistance to the City in clean up efforts in this area. I request the appropriate departments be assigned to investigate and resolve this concern.	Mo'ili'ili Neighborhood Park and Old Stadium Park	RISR #2017-246
2017-151	[REDACTED]	[REDACTED] contacted our office to report that yesterday (02/06/17) he had to call 911 because the homeless encampment underneath the Anapuni Street bridge was in distress because of the heavy rains. The debris kept underneath by homeless individuals has been washed downstream and is now a danger to other areas. [REDACTED] notes he has requested City assistance frequently but no items have been removed to date.	Culvert under 1550 Wilder Avenue	RISR #2017-217
2017-51	Ann Kobayashi	A member of [REDACTED] contacted my office regarding the homeless encampment at "Mo'ili'ili Stadium Park" (Old Stadium Park). The representative states that they are concerned about the large number of individuals living in the park, and feel that the encampment may prevent the organization from holding their annual BBQ picnic and Park Clean-Up. The organization has in the past shared their food and drink with the small groups of homeless present in the park during clean ups, however the current size of the encampment has many members concerned for their and their family's safety. The current encampment has overwhelmed the entire pavilion and prevents public access to the park restrooms. Therefore, I request the park be added to the SPO team's list of areas to address, and that action be taken prior to January 29th, to provide a safe and accessible park for the public.	Mo'ili'ili Stadium Park	RISR #2017-74
2017-45	[REDACTED]	[REDACTED] contacted our office with several concerns: 1) [REDACTED] notes that Manoa Road, from the Manoa/East Manoa split to Manoa and Lowrey, is in need of pothole repair, with several potholes along the road. 2) [REDACTED] notes that her vehicle was damaged by a pothole on University Avenue, between Metcalf and Dole, and her submitted claim has not been addressed in over six months. 3) [REDACTED] notes that the Punahou Mini Park seems to be a dumping ground for homeless individuals, and that the trash is overrun with blankets and other personal items. I request the appropriate department be assigned to investigate these concerns.	Manoa Roads/ Punahou Mini Park	RISR #2017-67
2017-32	[REDACTED] RESIDENT	Several residents have contacted our office to share their concerns regarding the condition of Makiki Stream. The residents note that the stream is completely overgrown, with vegetation climbing out of the stream and into their property. Additionally, there are now large populations of mongoose and homeless individuals within the stream. Previously, our office had requested the necessary permits be obtained to dredge Makiki Stream. Therefore, I request that Makiki Stream be cleared promptly, and that my office be provided with an update on the timeline to dredging Makiki Stream.	Makiki Stream (Makai of Jack-in-the-Box)	RISR #2017-47
2017-23	[REDACTED]	A resident contacted Rep. Saiki's office to share their concern regarding homeless individuals. The resident notes that homeless persons are using Sheridan Park water facilities to wash their clothes, dumpster dive in the refuse at the park, litter, and harass the security from neighboring buildings by throwing bottles and trash on Birch Street. Additionally, the resident notes that there are abandoned vehicles along Adler and Elm Streets, with homeless individuals sleeping and camping within the vehicles. I request the appropriate departments be assigned to investigate these concerns.	Sheridan Park	RISR #2017-30

		appropriate departments be assigned to investigate this concern and take efforts to promote health and safety in our community.		
2016-286	Rep. Scott Saiki	Representative Saiki contacted our office to share a concern regarding the growing homeless population in that area posing as a health hazard (from the rubbish and human waste), as well as creating unsafe conditions for children in the neighborhood to walk home. A resident stated that homeless individuals congregate at the nearby McDonald's parking lot, and "cause mischief and commit crimes." The resident further reported that the glass door to her apartment building had been damaged recently, and homeless individuals have been seen damaging buildings in the area. The increase of personal property crimes has been distressing for a number of area residents. I request the appropriate departments be assigned to investigate this concern.	Birch Street and Elm Street area	RISR #2016-1257
2016-265	Representative Scott Nishimoto	Representative Nishimoto contacted our office to share a concern regarding Date Street Mini Park. Following a City sweep on 9/23/2016, homeless individuals have "re-encamped" the park. A resident reports that there is a tarp in the park that is strung up and has been left up for weeks and that many individuals have been seen coming and going from that location. Due to the lack of lighting at the park, several residents have expressed concerns about walking in the neighborhood in the early morning. Several residents have found evidence of human waste in the area within and surrounding the park. Our office requests the appropriate departments be assigned to investigate this concern and take efforts to promote greater health and safety in our community.	Date Street Mini Park	RISR #2016-1258
2016-275		██████████ contacted our office to share his grave concerns regarding the condition of Old Stadium Park in Mo'ili'ili. ██████████ notes that there is a significant homeless encampment in the park, making the public facilities unusable. ██████████ has seen clothing hung throughout the park, children running near traffic without supervision, and human waste spread around the park. I request the appropriate departments be assigned to investigate this concern and take immediate action to return the park to suitable condition for public use.	Old Stadium Park	RISR #2016-1237
2016-226		Constituent ██████████ states that there is a homeless encampment at the Date Street Mini Park. ██████████ claims that there are tents and a canopy at the park and is concerned because there is no restroom. ██████████ further states that she is concerned for the health and safety of the nearby residents in the area. I am requesting the appropriate department be assigned to investigate and address this matter.	Date Street Mini Park	RISR #2016-1172
2016-225	Representative Scott Nishimoto	Representative Nishimoto shared a concern from a resident regarding a homeless encampment at the intersection of Kamoku and Date Street. One of the "island parks" has a substantial homeless encampment and the smell is damaging to the surrounding residents' health. I request the appropriate department be assigned to investigate this concern.	Makaleka Avenue	RISR #2016-1171
2016-221		Several residents have contacted our office regarding a resurging homeless encampment at the intersection of Fern Street and Kalakaua Avenue. The residents report that every day, a group of four or five individuals come by at 4 pm and establish an encampment until the next day. The individuals have large boxes and leave their bicycles and other items in the area and prevent pedestrians from accessing the sidewalk. The individuals also make area residents fearful for their safety when walking in the evening. Our office requests the appropriate department be assigned to investigate this concern, and our office requests this area be designated a "hot-spot" and regularly monitored to discourage encampments from recurring.	Kalakaua and Fern	RISR #2016-1165
2016-191		A resident contacted our office to share two concerns: 1) When the resident called 911 last night (9/15, around 10:30 pm), the dispatch operator was very combative and insisted that the resident had recently called in the same complaint, despite the resident insisting that this had been the first call of the evening. The dispatch operator was very rude and dismissive to the resident. 2) The issue the resident was calling about is an increasing homeless encampment at Judd Mini Park. The individuals encamped have been fighting, with weapons such as fishing spears and rocks, and causing a major disruption in the area at all hours of the day and night. As the Judd Mini Park has no restroom facilities, there has been a significant amount of human waste left within the park and along the boarder fence. Our office requests the appropriate departments be assigned to investigate both concerns.	911 Dispatch and Judd Mini Park	RISR #2016-1127
2016-182	Pa ██████████	A resident contacted our office to report a homeless individual harassing people at the Mini Judd Park in McCully and establishing an encampment in the park. The resident notes that the individual hangs their clothes all around the park, has erected a tent (and re-establishes the tent after HPD officers have him move it), and pees on all the surrounding properties. I request the appropriate departments be assigned to investigate this concern.	Mini Judd Park	RISR #2016-1117
2016-178	B ██████████	██████████ contacted our office regarding several growing homeless encampments along South King Street, starting at Pensacola to Piikoi. ██████████ reports that his and other small businesses are seeing significant reduction in customers due to large homeless encampments being established along South King Street. The individuals can be seen urinating and defecating along the sidewalk, in front of businesses main entrances. Many of these encampments also house animals who make pedestrians feel threatened. I request the appropriate departments investigate these concerns and take action to promote a healthy and safe environment for residents and a safe space to conduct commerce.	South King and Pensacola	RISR #2016-1111
2016-167	Ann Kobayashi	A recent investigation by the Liquor commission determined that there is a "huge homeless population located approximately 1000 yards to the right of Sergio's Mexican Kitchen." There have been recent complaints about urine and fecal matter along the sidewalk in the area, raising serious concerns about the health and safety of our residents in the area. I request the appropriate departments be assigned to investigate this concern and take efforts to remove any encampments and provide a safe and healthy environment for our residents.	Near Sergio's Mexican Kitchen in Manoa	RISR #2016-1097
2016-162	V ██████████	Several residents have contacted our office regarding growing homeless encampments at the intersection of Kalakaua and Fern. The encampments now block the entire sidewalk and prevent seniors in the area from freely traversing the sidewalk. I request the appropriate departments be assigned to investigate this matter promptly, as the encampment is growing rapidly and creating a significant nuisance for the community.	Kalakaua and Fern	RISR #2016-1091

Request #	Constituent	Service Requested	Location	RISR
2016-152	[REDACTED]	Mr. [REDACTED] contacted our office regarding a recurring homeless encampment in the culvert under 1550 Wilder Avenue. [REDACTED] notes that the homeless individuals previously removed from the area have returned and have established a larger encampment than before. Additionally, [REDACTED] notes that substantial amounts of furniture are in the culvert, and could create a dangerous flooding hazard if significant rains occur. [REDACTED] asks for the City's assistance in removing the individuals and the furniture and other bulky items placed in the culvert. I request the appropriate departments be assigned to investigate the matter, help remove the debris from the culvert to prevent them from flowing down stream and take steps to discourage individuals from establishing an encampment in this location again.	Culvert under 1550 Wilder Avenue	RISR #2016-1081
2016-134	[REDACTED]	A resident contacted our office to report a concern of a growing homeless encampment at the intersection of Fern Street and Punahou Street. The resident notes that just a few days ago the encampment was a single individual, it has now grown to over seven individuals. For the health and safety of the community, the resident asks the City to assist in removing the encampment and cleaning up the rubbish that is being collected and stored on the sidewalk. I request the appropriate departments be assigned to investigate this concern.	Fern and Punahou	RISR #2016-1059
2016-76	[REDACTED]	[REDACTED] contacted our office to share her concerns regarding a growing homeless encampment at Punahou Square mini park. [REDACTED] states that hidden along the back chain link fence, behind the clump of bamboo, there is an encampment where individuals are residing, defecating, and doing laundry that is then dried by hanging items over the fence. Ms. Bollow is concerned for her safety and the health of the community. I request the appropriate departments be assigned to investigate this matter and take efforts to promote health and safety in our community.	Punahou Square Mini Park	RISR #2016-972
2016-46	[REDACTED]	Ms. [REDACTED] contacted our office regarding the negative impacts the homeless encampment on South King Street is having to her business and other businesses near by. [REDACTED] notes that homeless individuals are now urinating and defecating on her property regularly, and have increased their encampment to include a portion of her parking lot and have even begun setting "bon fires" in the middle of the lot at night. Due to the health concerns, many customers have declined to continue to do business with Ms. Uyehara. It is imperative that Ms. Uyehara be able to protect her property from this harassment. Therefore, I request the appropriate department be assigned to assist Ms. Uyehara in determining what long-term solutions are feasible, including but not limited to erecting a fence and increased HPD presence overnight.	1644 South King Street	RISR #2016-918
2016-45	[REDACTED]	A resident contacted our office to share their concern about a growing homeless encampment along Kalakaua Avenue and Fern Street. The resident notes that they now struggle to utilize the sidewalk because of the encampment. The homeless individuals are frequently seen rooting through trash, leaving it strewn across the sidewalk and street. We request the appropriate departments be assigned to investigate this concern.	Kalakaua and Fern	RISR #2016-917

Homeless bringing down Honolulu

Recently my wife and I went to the Journey concert at the Bialldell Arena. The parking lot was full so we had to find street parking. The closest spot was more than three blocks away.

Nonetheless, we had a nice sunset walk to the arena. However, our walk back to the car was anything but pleasant. While we were at the concert, a homeless encampment sprang up between Pensacola and Pihai streets. We encountered more than 20 homeless campers, some with dogs. The dogs were intimidating, resulting in our having to leave the sidewalk and walk on the street. It was a scary situation. Either get bit by dogs or hit by cars.

When will this madness end? More than 30 years ago, I served on the governor's state homeless task force. Today, the problem has worsened exponentially.

Sadly, our once beautiful city is devolving into a Third World metanure.

Stephen Motina
